ORDINANCE NO. 671, S-2017

AN ORDINANCE REGULATING THE USE, SALE, DISTRIBUTION AND ADVERTISEMENT OF CIGARETTES AND OTHER TOBACCO PRODUCTS IN CERTAIN PLACES, IMPOSING PENALTIES FOR VIOLATIONS THEREOF AND PROVIDING FUNDS THEREOF, AND OTHER PURPOSES

WHEREAS, the 1987 Constitution of the Republic of the Philippines declares that the State shall protect and promote the right to health of the people and instill health consciousness among them;

WHEREAS, the Republic of the Philippines, under the World Health Organization Framework Convention on Tobacco Control (FCTC) to which she is a party, determined to give priority to the right to protect public health and to promote measures of tobacco control based on current and relevant scientific, technical and economic considerations, and agreed to implement the measures provided in the treaty;

WHEREAS, the Local Government Code of 1991 (Republic Act No. 7160) accords every local government unit power and authority to promote the general welfare within its territorial jurisdiction, including the promotion of health and safety of its constituents;

WHEREAS, the Philippine Clean Air Act of 1999 (Republic Act No. 8749) declares the right of every citizen to breathe clean air, prohibits smoking inside enclosed public places including public vehicles and other means of transport, and directs Local Government Units to implement this provision;

WHEREAS, the Tobacco Regulation Act of 2003 (Republic Act No. 9211) prohibits smoking in certain public places whether enclosed or outdoors in certain places; prohibits the purchase and sale of cigarettes and other tobacco products to and by minors and in certain places frequented by minors; imposes bans and restrictions on advertising, promotion and sponsorship activities of tobacco companies and directs local government units to implement these provisions;

WHEREAS, the Civil Service Commission Memorandum (CSC) Circular No. 17 Series of 2009 prohibits smoking in premises, buildings, and grounds of government agencies providing health, education or social welfare and development services such as hospital, health centers, schools and universities and colleges; provides for specific requirements for designated smoking areas;

WHEREAS, the Land Transportation Franchising and Regulatory Board (LTFRB) Memorandum Circular 2009-036 provides that drivers and operators of public utility vehicles are responsible for preventing smoking in public conveyances and posting specified “No Smoking” signs in their vehicles;

WHEREAS, the Metro Manila Council has issued Resolution No. 15, S-2015 urging all local government units of Metro Manila to enact Ordinances in accord with the provisions of the WHO Framework Convention on Tobacco Control (FCTC), a Treaty which was ratified by the Philippine Senate on 6 June, 2005 and entered into force on 4 September, 2005;
WHEREAS, the City of Mandaluyong recognizes that local governments must act with urgency to denormalize the culture of smoking and tobacco consumption through comprehensive and proven effective tobacco control measures;

WHEREAS, the Civil Service Commission–Department of Health Joint Memorandum Circular No. 2010–01 prohibits government officials and personnel from interacting with the tobacco industry and those representing their interests unless strictly necessary to effectively regulate, control, or supervise them, and its guidelines shall be adhered to strictly;

WHEREAS, the City of Mandaluyong recognizes the fundamental and irreconcilable conflict between the tobacco industry’s interest and public health policy, and realizes the need to be alert, be informed and neutralize any efforts by the tobacco industry to undermine, challenge or subvert tobacco control efforts through bribery, intimidation in local health policy implementation;

WHEREAS, scientific evidence has unequivocally established that tobacco consumption and exposure to tobacco smoke cause death, disease and disability; lead to devastating health, social, economic and environmental consequences; and places burdens on families, on the poor, and on national and local health system;

WHEREAS, the enjoyment of the highest attainable standard of health is a fundamental right of every human being, and public health takes precedence over any commercial or business interest;

WHEREAS, an increasing number of Filipinos become afflicted with and die each year of tobacco related diseases such as stroke, heart disease, emphysema, various cancers and nicotine addiction, among others, and both the public and workers in facilities where smoking is allowed are most at risk from these and other tobacco related diseases;

WHEREAS, it is well documented that tobacco advertising, promotion and sponsorship (TAPS) increase tobacco use, and that comprehensive bans on TAPS decrease tobacco use. Studies show that minors exposed to TAPS are also likely to initiate tobacco use. While it is the main thrust of Republic Act No. 9211 to regulate and subsequently ban all tobacco advertisement and sponsorships, the provisions only provided a transition by way of partial bans and restrictions, and still continue to expose minors to tobacco advertising and marketing. An effective ban on tobacco advertising, promotion and sponsorship should, as recognized by parties to the FCTC in Articles 13.1 and 13.2, be comprehensive and applicable to all tobacco advertising, promotion and sponsorship;

WHEREAS, in order to minimize ease of access and affordability of tobacco products, particularly to minors, and in order to provide a more supportive environment for those who are attempting to quit tobacco use, there is a need to strengthen existing measures on access restriction, including the regulation of sales, distribution and availability, and those prescribed under Article 16 of the FCTC.
